FARVAND
Premium Iranian Dates

B2B EXPORT CATALOG
[YEAR] · EDITION 01

Iran’s date harvest, packed for world buyers

Premium Iranian Dates

FARVAND sources, grades and packs Iran’s finest export date varieties — from soft Mazafati to dry Zahedi — for importers, wholesalers and distributors who buy by specification.

[IMPORTERS · WHOLESALERS · DISTRIBUTORS]

01 — WHO WE ARE

Our Story

FARVAND is an Iranian date exporter built around one promise: the carton that arrives should be the carton that was promised.

FARVAND began in [YEAR] in [CITY], [PROVINCE] — inside the belt where Iranian dates are grown. What started as [ORIGIN OF THE BUSINESS] grew into a focused export operation: [PRODUCER / PACKER / EXPORTER] of Iranian dates for business buyers who buy by specification, not by photograph.

Today we work with [GROWER PARTNERS / OWNED ORCHARDS] across [REGIONS] to bring together the varieties buyers reorder — soft Mazafati and Medjoul for retail, drier Zahedi and Lasht for long-haul shipping — and we pack them to the standard each market expects.

Our own operation covers [SCOPE: SOURCING / PROCESSING / PACKING / SHIPPING]. Everything outside that — [LAB TESTING, CERTIFICATION, FREIGHT] — is handled by named partners we will name on request.

WHAT WE STAND FOR

01 Traceable sourcing

Every lot is tied to a grower and a harvest window, so a claim can be checked rather than trusted.

02 Graded to order

Size, count and moisture are agreed before packing, and the same specification is applied to every carton in the order.

03 Paperwork that clears

Invoices, packing lists and phytosanitary documentation are prepared with the shipment, not after it.

Date palms in [GROWING REGION], [PROVINCE] — [HARVEST SEASON].

MILESTONES

[YEAR]
Founded in [CITY] as [ORIGIN OF THE BUSINESS].

[YEAR]
First export shipment to [MARKET].

[YEAR]
New packing and grading facility in [CITY].

[YEAR]
[NEW MARKET, CAPACITY OR CERTIFICATION].

We would rather tell you what we do not know yet than let you find it out at the port.

— [FOUNDER / MANAGING DIRECTOR], [TITLE]

02 — PRODUCT PORTFOLIO

The FARVAND Range

Iran is the world's largest producer of dates, and the varieties are not interchangeable: they differ in moisture, colour, size and the way they behave in a carton. These are the varieties we source and export.

Mazafati

Soft

Dark, glossy and thin-skinned — the benchmark soft date of Iran and the variety buyers reorder most.

Retail packs, gifting, food manufacturing

Medjoul

Soft

Large, caramel-brown and very high in sugar. The premium gifting date of the range.

Premium gifting, retail, seasonal gift packs

Zahedi

Semi-dry

Golden, wrinkled and firm with a long shelf life. The safe choice for long-haul shipping.

Long-haul shipping, bulk, cooking and processing

Kimri

Soft

Small, dark and intensely sweet. Packs densely, so carton cost per kilo stays competitive.

Retail pouches, value packs, high-volume orders

Shahani

Semi-soft

Mid-size amber fruit with a delicate, tender skin and a clean, mild sweetness.

Retail trays, bakery and dessert supply

Najafi

Soft

Round, very dark and soft. A traditional Najaf cultivar with a loyal regional following.

Retail, traditional food processing

Lasht

Semi-dry

Brown, wrinkled and firm — the workhorse of Iranian cooking and industrial processing.

Bulk shipments, industrial processing, cooking

Morki

Semi-dry

Light brown and moderately dry, with a firm bite that holds well in a mixed gift box.

Gift boxes, retail, catering and hospitality

Deglet en-Nour

Semi-dry

Pale amber with a mild, honeyed flavour and a light skin that eats easily.

Mixed retail boxes, bakery and confectionery supply

Barhi

Soft

Round, soft and mild, with low fibre — a straightforward snacking date.

Retail snacking, food manufacturing

Harani (Sukkari)

Soft

Soft, amber and very sweet. A premium soft date sold in smaller, higher-value packs.

Premium retail and corporate gifting

Piarom

Semi-dry

Small, dark, dry and chewy — the date most often described as the chocolate date.

Snacking, premium bulk, gifting

Not sure which variety fits your market?

Tell us the variety, the pack and the destination port. We will confirm what we can source this season, what we cannot, and what the specification would be — before you ask for a price.

[CONTACT EMAIL]

We reply within [RESPONSE TIME] on working days.

Cultivar traits shown are typical industry values and vary with growing season, region and grade. Confirm the current-season specification with FARVAND before ordering. Availability of each variety depends on the harvest window.

03 — FLAGSHIP VARIETY

Mazafati

The most requested Iranian date in the world. Dark, glossy, thin-skinned and naturally sweet — and the variety our buyers reorder most.

AT A GLANCE

VARIETY
Mazafati

TYPE
Soft (semi-moist)

ORIGIN
[GROWING REGION], Iran

COLOUR
Dark brown to near-black

SKIN
Thin and glossy

CHARACTER
Naturally sweet, caramel-like

SPECIFICATION

SPECIFICATION	STATUS	
Grade / size	[SIZE OR COUNT PER KG]	To be supplied
Moisture	[MOISTURE % — ONLY IF LAB VERIFIED]	To be supplied
Packing	[RETAIL PACK + BULK CARTON]	To be supplied
Shelf life	[SHELF LIFE IN MONTHS]	To be supplied

Ready for a Mazafati quote?

Send us the pack format, the target quantity and the destination port. We will come back with a specification and an offer.

[CONTACT EMAIL]

Mazafati · [GROWING REGION], Iran · [SEASON] pack.

WHY BUYERS CHOOSE IT

- Consistent grading and count — the specification is agreed before packing, not after.
- The strongest repeat-demand variety in India, the Gulf and East Africa.
- Dense, dark fruit that keeps its retail look through the supply chain.

PACKING SNAPSHOT

Retail pack	[PACK TYPE] · [NET WEIGHT]	To be supplied
Bulk carton	[NET WEIGHT] · [UNITS]	To be supplied
Carton size	[L × W × H]	To be supplied

04 — PREMIUM VARIETY

Medjoul

Large, amber-brown and very high in sugar. Medjoul is the gifting date of the range — larger fruit, higher value per kilo, tighter margins.

AT A GLANCE

VARIETY
Medjoul (Medjool)

TYPE
Soft

ORIGIN
[GROWING REGION], Iran

COLOUR
Amber to deep brown

SKIN
Thick and wrinkled

CHARACTER
Very sweet, caramel and fig-like

SPECIFICATION

SPECIFICATION	STATUS	
Grade / size	[COUNT PER KG: LARGE / EXTRA LARGE]	To be supplied
Moisture	[MOISTURE % — ONLY IF LAB VERIFIED]	To be supplied
Packing	[TRAY / CLAMSHELL / GIFT BOX]	To be supplied
Shelf life	[SHELF LIFE IN MONTHS]	To be supplied

Ready for a Medjoul quote?

Tell us the grade, the pack and the quantity. We will confirm what the current harvest supports and quote from there.

[CONTACT EMAIL]

Medjoul · [GROWING REGION], Iran · [SEASON] pack.

WHY BUYERS CHOOSE IT

- The highest value per kilo in the range — priced for gifting and seasonal packs.
- Large, uniform fruit that presents well in clamshell and gift-box formats.
- Sorted by count so premium retail shelves get an even grade, not a mixed one.

PACKING SNAPSHOT

Retail pack	[PACK TYPE] · [NET WEIGHT]	To be supplied
Bulk carton	[NET WEIGHT] · [UNITS]	To be supplied
Carton size	[L × W × H]	To be supplied

05 — TWO MORE STAPLES

Zahedi & Kimri

One dry, one soft — and both in constant demand. Zahedi travels; Kimri sells by volume. Buyers often take them in the same order.

Zahedi

Semi-dry

Golden, wrinkled and firm, with a long shelf life and a nut-like bite. Zahedi is the workhorse for long-haul shipping and industrial buyers.

TYPE	**Semi-dry**
COLOUR	**Light golden brown**
SKIN	**Dry and wrinkled**
CHARACTER	**Mildly sweet, firm, nutty**

SPECIFICATION

Grade / size	[SIZE OR COUNT PER KG]	To be supplied
Moisture	[MOISTURE % — ONLY IF LAB VERIFIED]	To be supplied
Packing	[RETAIL PACK + BULK CARTON]	To be supplied
Shelf life	[SHELF LIFE IN MONTHS]	To be supplied

Zahedi · [GROWING REGION], Iran · [SEASON] pack.

Kimri

Soft

Small, dark and intensely sweet, with a thin skin and a dense, uniform size. Kimri is the value pack of the range and the easiest to grade consistently.

TYPE	**Soft**
COLOUR	**Dark brown**
SKIN	**Thin and smooth**
CHARACTER	**Very sweet, dense, chewy**

SPECIFICATION

Packing	[POUCH / TRAY + BULK CARTON]	To be supplied
Shelf life	[SHELF LIFE IN MONTHS]	To be supplied

Kimri · [GROWING REGION], Iran · [SEASON] pack.

06 — FURTHER VARIETIES

Shahani, Najafi, Lasht & Morki

Four more varieties that travel in the same shipment as the headline products — useful for buyers who want a mixed retail box rather than a single-variety pallet.

Shahani

Semi-soft

Mid-size amber fruit with a delicate, tender skin and a clean, mild sweetness.

TYPICALLY USED FOR

Retail trays, bakery and dessert supply

Najafi

Soft

Round, very dark and soft. A traditional Najaf cultivar with a loyal regional following.

TYPICALLY USED FOR

Retail, traditional food processing

Lasht

Semi-dry

Brown, wrinkled and firm — the workhorse of Iranian cooking and industrial processing.

TYPICALLY USED FOR

Bulk shipments, industrial processing, cooking

Morki

Semi-dry

Light brown and moderately dry, with a firm bite that holds well in a mixed gift box.

TYPICALLY USED FOR

Gift boxes, retail, catering and hospitality

ALSO AVAILABLE ON REQUEST

- Deglet en-Nour
- Barhi
- Harani (Sukkari)
- Piarom

Availability depends on the harvest window — confirm before ordering.

07 — TECHNICAL SUMMARY

Variety Comparison

A quick reference for buyers comparing the varieties in this catalog. Values are typical industry figures and vary with season, region and grade — confirm before ordering.

VARIETY	TYPE	COLOUR	SKIN	TYPICAL USE
Mazafati	Soft	Dark brown to near-black	Thin and glossy	Retail packs, gifting, food manufacturing
Medjoul	Soft	Amber to deep brown	Thick and wrinkled	Premium gifting, retail, seasonal gift packs
Zahedi	Semi-dry	Light golden brown	Dry and wrinkled	Long-haul shipping, bulk, cooking and processing
Kimri	Soft	Dark brown	Thin and smooth	Retail pouches, value packs, high-volume orders
Shahani	Semi-soft	Light amber brown	Smooth and fine	Retail trays, bakery and dessert supply
Najafi	Soft	Dark brown to black	Thin	Retail, traditional food processing
Lasht	Semi-dry	Medium brown	Firm and wrinkled	Bulk shipments, industrial processing, cooking
Morki	Semi-dry	Light to medium brown	Smooth to lightly wrinkled	Gift boxes, retail, catering and hospitality
Deglet en-Nour	Semi-dry	Pale golden brown	Lightly wrinkled	Mixed retail boxes, bakery and confectionery supply
Barhi	Soft	Golden brown	Smooth	Retail snacking, food manufacturing
Harani (Sukkari)	Soft	Amber brown	Thin and glossy	Premium retail and corporate gifting
Piarom	Semi-dry	Deep brown to black	Dry and wrinkled	Snacking, premium bulk, gifting

Variety characteristics vary with growing region, season, irrigation and grade. Figures above are typical values used for buyer orientation. FARVAND confirms the specification of the lot being offered in the quotation, and any lab-verified figure is stated on the certificate that accompanies the lot.

> Not sure which variety fits a shelf, a price point or a container plan? Send us the brief and we will recommend a mix — and tell you plainly what is not available this season.

08 — HOW WE WORK

Quality Assurance

Six checkpoints stand between the grove and the container. Each one is recorded, and each one can be shown to a buyer or an inspector.

01 Incoming inspection

Every incoming lot is checked for condition, colour and foreign matter before it enters the line. Findings are recorded per lot.

02 Sorting and grading

Fruit is sorted by size, colour and condition. The grade agreed for the order is separated and rejected fruit leaves the line.

03 Moisture and condition control

Moisture and condition are monitored where the variety requires it. Only lab-verified figures are quoted in the specification.

04 Controlled packing

Packing happens under controlled conditions, with pack format, net weight and count set by the purchase order.

05 Lot coding and traceability

Each carton carries a lot code that ties it back to its source, packing date and inspection record.

06 Pre-shipment check

A final check on count, weight, carton condition and labelling runs before the container is closed and sealed.

DOCUMENTS WE WORK WITH

The exact document set depends on the destination and the incoterm. The list below is the usual export pack — confirm the current requirement for your market with us.

- Commercial invoice
- Packing list
- Phytosanitary certificate
- Certificate of origin
- Fumigation / treatment certificate
- Transport documents per incoterm

09 — HOW IT ARRIVES

Packaging Options

Dates are fragile and moisture-sensitive. The pack format is chosen for the destination, the shelf and the retailer's planogram — not for the factory that filled it.

Retail tray + film

Sealed tray over-wrap, stacked and cartonised.

Net weight	[NET WEIGHT]
Units per carton	[UNITS]
Carton size	[L × W × H]

Clamshell box

Clear-lidded box for premium retail and gifting.

Net weight	[NET WEIGHT]
Units per carton	[UNITS]
Carton size	[L × W × H]

Pouch / doypack

Stand-up pouch for value and high-volume retail.

Net weight	[NET WEIGHT]
Units per carton	[UNITS]
Carton size	[L × W × H]

All retail formats above are examples. Confirm the formats available for each variety, and the film, label and carton material, before ordering.

TARGET MARKETS

India | [MARKET 2] | [MARKET 3] | [MARKET 4] | [MARKET 5]

India is our priority market. We work with importers, wholesale distributors and retail chains — and we quote against the specification they already sell, not ours.

SHIPPING & DOCUMENTS

Every shipment is accompanied by the documents your customs broker asks for, issued before the container is sealed. [ADD: SHIPPING POLICY, INSURANCE, TEMPERATURE OR CARE REQUIREMENTS FOR SOFT DATES.]

Terms shown in brackets are agreed with the buyer before order confirmation. We do not publish figures we cannot honour — the quotation is the commitment, and it is written to be kept.

HOW AN ORDER RUNS

01 **Inquiry**
Variety, pack, quantity and destination port.

02 **Specification & quotation**
Grade, count, moisture and price, in writing.

03 **Production & packing**
Sourcing, sorting, packing and lot coding.

04 **Documents & shipment**
Export papers issued, container sealed, vessel loaded.
